APRIL 2026 INTELLIGENCE BRIEFING

A/E/C Federal Contracting Intel Pack

Actionable Data for NAICS 236220, 237xxx, 541330

Prepared for JTED 2026 AEC Industry Day | MacDill AFB | April 1, 2026

$18.7B+	10	5	4
A/E/C CONTRACT VOLUME	EXPIRING CONTRACTS	TEAMING PLAYS	AI PROMPTS

1 10 Expiring A/E/C Contracts Worth Pursuing

These contracts are expiring in the next 6-18 months. Start engaging NOW for the recompete.

DHS Border Barrier Construction - Fisher Sand & Gravel

Contract #:	70B01C26F00000073	**Agency:**	Dept of Homeland Security
Incumbent:	Fisher Sand & Gravel Co	**Value:**	**$1.78 Billion**
NAICS:	236220	**Location:**	Hidalgo County, NM

Why Pursue:

Massive infrastructure program with multiple task orders. Small business subcontracting goals create teaming opportunities for electrical, HVAC, and security systems.

USACE Utah Data Center - Balfour Beatty/DPR/Big-D JV

Contract #:	W912DR10C0094	**Agency:**	Dept of Defense (USACE)
Incumbent:	Balfour Beatty/DPR/Big-D JV	**Value:**	**$1.25 Billion**
NAICS:	236220	**Location:**	Camp Williams, UT

Why Pursue:

Data center construction boom driven by AI demand. USACE has ongoing facility sustainment needs. Position now for follow-on work and similar mission-critical facilities.

Spencer Construction - DHS Border Barrier

Contract #:	70B01C26F00000261	**Agency:**	Dept of Homeland Security
Incumbent:	Spencer Construction LLC	**Value:**	**$1.14 Billion**
NAICS:	236220	**Location:**	Southwest Border

Why Pursue:

Heavy civil construction with urgency. Multiple delivery orders mean multiple teaming opportunities. Small business utilization goals require subcontracting plan.

VA Southeast Louisiana Medical Center

Contract #:	VA101CFMC0064	**Agency:**	Dept of Veterans Affairs
Incumbent:	Clark McCarthy Healthcare Partners JV	**Value:**	**$1.05 Billion**
NAICS:	236220	**Location:**	New Orleans, LA

Why Pursue:

VA healthcare construction surge from PACT Act funding. Complex medical facility work requires specialized subs. Clark McCarthy has SDVOSB teaming requirements.

DoD Louisville VA Medical Center

Contract #:	W912QR21C0027	**Agency:**	Dept of Defense (USACE)
Incumbent:	Walsh-Turner JV II	**Value:**	**$954 Million**
NAICS:	236220	**Location:**	Louisville, KY

Why Pursue:

USACE managing VA medical construction. Healthcare facility work continues to grow. Approach Walsh-Turner for subcontracting on similar future work.

NAVFAC Aircraft Parking Apron - Darwin, Australia

Contract #:	N6274225C1308	**Agency:**	Dept of Defense (NAVFAC)
Incumbent:	SLSCO, Ltd.	**Value:**	**$327 Million**
NAICS:	237310	**Location:**	Pacific Theater

Why Pursue:

Indo-Pacific infrastructure buildup. NAVFAC has $2.4B in Pacific construction planned. Heavy civil contractors with airfield experience in demand.

Kiewit - NY Bridge Security Improvements

Contract #:	W912DS19C0015	**Agency:**	Dept of Defense (USACE)
Incumbent:	Kiewit Infrastructure Co.	**Value:**	**$443 Million**
NAICS:	237310	**Location:**	New York, NY

Why Pursue:

Critical infrastructure security work. Kiewit needs specialized security systems subs. Bridge and transportation work tied to Bipartisan Infrastructure Law funding.

State Dept Pakistan Embassy NEC

Contract #:	SAQMMA10C0284	**Agency:**	Dept of State
Incumbent:	BL Harbert International LLC	**Value:**	**$871 Million**
NAICS:	236220	**Location:**	Islamabad, Pakistan

Why Pursue:

State Department OBO has ongoing embassy construction program. Secure facility construction specialists needed. International experience valuable for follow-on work.

NAVFAC China Lake Airfield Design-Build

Contract #:	N6247320F5226	**Agency:**	Dept of Defense (NAVFAC)
Incumbent:	Environmental Chemical Corp	**Value:**	**$855 Million**
NAICS:	236220	**Location:**	China Lake, CA

Why Pursue:

Post-earthquake reconstruction continues. MCON projects at China Lake ongoing through 2028. Design-build delivery preference - A/E integration valuable.

Weston Solutions - Puerto Rico Power Generation

Contract #:	W9128F23F0065	**Agency:**	Dept of Defense (USACE)
Incumbent:	Weston Solutions Inc	**Value:**	**$797 Million**
NAICS:	236220	**Location:**	Palo Seco, Puerto Rico

Why Pursue:

Energy infrastructure resilience work. USACE managing Puerto Rico grid recovery. Electrical and power generation specialists needed as subs.

2 5 Teaming Plays for JTED Attendees

Use these scripts at the industry day to open conversations with potential teaming partners.

A NAVFAC Southeast Small Business MACC

Theme: Local Florida presence + small business certification = winning combo

Primes to Approach: PCL Construction, Balfour Beatty, Hensel Phelps, Brasfield & Gorrie

> *"I saw you're on the NAVFAC Southeast MACC. We have [8(a)/SDVOSB/HUBZone] certification and local presence in Jacksonville. We specialize in [electrical/mechanical/concrete] and are looking for a prime that needs to meet small business goals on task orders..."*

B USACE Jacksonville Flood Control

Theme: Everglades restoration + Bipartisan Infrastructure Law funding surge

Primes to Approach: Granite Construction, Lane Construction, Great Lakes Dredge & Dock

> *"With the Everglades restoration funding surge and the Infrastructure Law money flowing, we're looking for a prime that needs [dredging support/pump station work/water control structures]. We've done similar work with [reference]..."*

C VA PACT Act Clinic Construction

Theme: $16.6B in new VA healthcare facilities from PACT Act

Primes to Approach: Skanska, Turner Construction, Gilbane, McCarthy Building

> *"The PACT Act clinic buildouts are going to need small business subs with healthcare construction experience. We have [ICRA certification/medical gas/infection control] capability and SDVOSB status. Are you bidding the VISN 8 work?"*

D Air Force RAES Vehicle

Theme: $3.4B Rapid Airfield Engineering Services vehicle - solicitation expected Q3 2026

Primes to Approach: AECOM, Jacobs, HDR, Pond & Company

> *"I understand RAES awards are expected in late 2026. We're positioning as a sub with [airfield paving/lighting/marking/ARFF] capability. Are you putting a team together? We'd like to discuss how we might support your bid..."*

E USACE Design-Build Push

Theme: USACE mandate for design-build delivery creates A/E integration opportunity

Primes to Approach: Kiewit, McCarthy, Mortenson, Clark Construction

> *" USACE is mandating design-build delivery for most MILCON. We have integrated A/E capability in [civil/structural/MEP] and can provide design-build services as a sub. What design-build pursuits are you looking at in the Southeast?"*

3 How to Set Up SAM.gov Alerts

1 Login to SAM.gov

Go to **sam.gov** and click "Sign In" in the top right. Use your Login.gov credentials (or create a free account).

2 Navigate to Contract Opportunities

Click "Contract Opportunities" from the main menu, then click "Search" to access the opportunity search page.

3 Configure Your Filters

Set up your search criteria. For A/E/C contractors, use these filters:

- **NAICS:** 236220, 237110, 237310, 237990, 541330
- **Set-Aside:** Small Business, 8(a), SDVOSB, HUBZone, WOSB
- **State:** FL, GA, AL, SC (your target states)
- **Agency:** DEPT OF DEFENSE, DEPT OF VETERANS AFFAIRS

4 Save Your Search

Click "Save Search" at the top of the results. Name it something memorable like "AEC Florida Opportunities". Select "Daily" for email frequency.

5 Create Multiple Saved Searches

Don't rely on one search. Create separate alerts for different opportunity types:

- "USACE Construction SAT" - Under $350K, USACE only
- "NAVFAC MACCs" - Keywords: MACC, MATOC, IDIQ
- "VA Healthcare Construction" - VA + NAICS 236220
- "Sources Sought AEC" - Notice Type: Sources Sought only

- "Competitor Watch" - Your competitors' names as keywords

Pro Tips

- **Separate Sources Sought from Solicitations** - Sources Sought require different responses and timing
- **Set up competitor alerts** - Use competitor names as keywords to see what they're bidding
- **Include "Design-Build" and "DB"** - These won't always have NAICS 236220
- **Check daily** - Email alerts can be delayed; check SAM.gov directly each morning

4 How to Track Recompetes on USASpending

1 Go to USASpending.gov

Navigate to **usaspending.gov** and click "Advanced Search" → "Contracts"

2 Set Your Filters

- **NAICS Code:** 236220 (or 237310, 541330)
- **Awarding Agency:** Department of Defense (or specific agency)
- **Time Period:** Contracts ending in next 6-18 months

3 Export to CSV

Click "Download" to export the results. Open in Excel/Google Sheets to build your tracking spreadsheet.

4 Key Columns to Analyze

- **recipient_name** = Current incumbent
- **current_total_value_of_award** = Contract size
- **period_of_performance_current_end_date** = When to start engaging
- **number_of_offers_received** = Competition level
- **awarding_agency_name** = Buyer to research

Timeline Rule of Thumb

- **12-18 months out:** Start building relationships with CO and incumbent
- **9-12 months out:** Respond to Sources Sought notices
- **6-9 months out:** RFP typically drops

- **3-6 months out:** Proposal writing and submission

5 Top 5 SAT Agencies for A/E/C Work

The Simplified Acquisition Threshold ($350K) is the sweet spot: fewer competitors, faster awards, build past performance quickly.

Rank	Agency	Why They Matter	SAM.gov Search Prefix
1	USACE Districts	Civil works, flood control, base repairs, facility sustainment	W912
2	NAVFAC Regions	Base maintenance, MILCON, facility sustainment	N00024, N40085
3	VA VISN	Hospital renovations, PACT Act clinics, facility upgrades	VA VISN + [number]
4	GSA PBS	Federal building repairs, tenant improvements, modernization	GS- contracts
5	Air Force CE	Airfield repairs, facility maintenance, MILCON	FA prefix

SAT Sweet Spot Strategy

- **Target $50K - $350K contracts** - Typically 5-10 bidders vs 40+ on larger contracts
- **Awards happen fast** - Often 14-30 days from solicitation close
- **Build past performance** - Stack 3-5 SAT contracts, then bid larger work
- **Relationships matter more** - Fewer competitors = CO remembers you

6 Sources Sought Response Template

Copy and customize this template for your next Sources Sought response. Fill in the bracketed fields.

```
SUBJECT: Sources Sought Response - [Solicitation Number] - [Your
Company Name]

1. COMPANY INFORMATION
   Company Name: [Your Company Legal Name]
   CAGE Code: [XXXXX]
   UEI: [XXXXXXXXXXXX]
   Primary NAICS: 236220 - Commercial and Institutional Building
Construction
   Business Size: Small Business (under $45M annual revenue)
   Socioeconomic Status: [8(a) / SDVOSB / HUBZone / WOSB / Small
Business]
   Years in Business: [X] years
   Bonding Capacity: [$X Million]

2. CAPABILITY STATEMENT
   [Your Company Name] has directly relevant experience performing
similar work:

   Past Performance #1:
   - Contract: [Contract Name/Number]
   - Agency: [Awarding Agency]
   - Value: [$X.XM]
   - Period: [MM/YYYY - MM/YYYY]
   - Description: [2-3 sentences on scope and relevance]
   - Reference: [Name, Title, Phone, Email]

   Past Performance #2:
   - [Same format as above]

   Past Performance #3:
   - [Same format as above]

3. INTEREST STATEMENT
   [Your Company Name] is interested in this requirement as a [Prime
```

```
Contractor / Subcontractor].

   We recommend this requirement be set aside for [8(a) / SDVOSB /
HUBZone / Small Business]
   because [brief justification - e.g., "multiple qualified small
businesses exist in this market"].

4. QUESTIONS/RECOMMENDATIONS FOR THE GOVERNMENT
   - Will this be a firm-fixed-price or cost-reimbursement contract?
   - What past performance relevance criteria will be used?
   - Will an industry day be held prior to solicitation release?
   - Is incumbent contractor information available?
   - Will bonding requirements exceed $[X] million?

5. TEAMING INTEREST
   [Your Company Name] is actively seeking teaming partners for this
opportunity.
   We are interested in [priming / subcontracting] and have capacity
in:
   - [Capability 1]
   - [Capability 2]
   - [Capability 3]

   Contact for teaming discussions:
   [Your Name], [Title]
   [Email] | [Phone]
   [Company Website]

Respectfully submitted,

[Your Name]
[Title]
[Company Name]
[Email] | [Phone]
```

7 IDIQ/MACC Vehicles Open for Bid

These contract vehicles are accepting proposals or expected to solicit soon. Get on the vehicle NOW to compete for task orders later.

Vehicle	Agency	Status	Ceiling	Notes
Air Force RAES	USAF	Solicitation Expected Q3 2026	$3.4B	Rapid Airfield Engineering Services - A/E + Construction
USACE Omaha SDVOSB	USACE	Open - Rolling	$99M	SDVOSB-only construction MATOC
NAVFAC MACC Southeast	NAVFAC	Task orders ongoing	$950M	Multiple award construction - subcontracting available
VA T4NG2	VA	Expected 2026	$60B	Transformation Twenty-One Total Technology Next Gen
GSA OASIS+	GSA	Open - Multiple Pools	Unlimited	Pools 1-4 for various service categories
DHS Border Construction	DHS/CBP	Ongoing solicitations	$10B+	Barrier, infrastructure, technology - prime and sub

Vehicle Strategy

- **Getting ON the vehicle is step one** - You can't bid task orders without the vehicle
- **Set SAM.gov alerts** for these solicitation numbers and keywords
- **If you miss the prime slot** - Reach out to winners for subcontracting
- **Task orders are the real opportunity** - Vehicle ceiling is shared among all awardees

8 AI Prompts for GovCon

Copy and paste these prompts into ChatGPT, Claude, or your preferred AI assistant. Fill in the bracketed fields.

Prompt 1: Analyze an RFP

```
Analyze this RFP and tell me:
1. What are the evaluation factors and their weights?
2. What past performance is required (contract size, relevance,
recency)?
3. What certifications or clearances are needed?
4. What are the key compliance requirements I can't miss?
5. What questions should I ask at the industry day?
6. Who is the likely incumbent and what are their weaknesses?

[Paste RFP text or attach PDF]
```

Prompt 2: Draft a Capability Statement

```
Create a 1-page capability statement for my company:

Company Name: [Your Company]
NAICS Codes: 236220 (Commercial/Institutional Construction),
237310 (Highway)
Certifications: [8(a), SDVOSB, HUBZone, WOSB - pick applicable]
Years in Business: [X]
Annual Revenue: [$X Million]
Bonding Capacity: [$X Million]
Geographic Coverage: [States/Regions]

Past Performance (include 3):
1. [Contract name, agency, value, description]
2. [Contract name, agency, value, description]
3. [Contract name, agency, value, description]
```

```
Differentiators: [What makes you unique - equipment,
certifications, staff]
Target Agencies: USACE, NAVFAC, VA

Format it professionally with sections for: Core Competencies,
Past Performance,
Differentiators, Company Data, and Contact Information.
```

Prompt 3: Research a Competitor

```
Research [Competitor Name] as a federal contractor:

1. What agencies do they primarily work with?
2. What NAICS codes do they operate under?
3. What contract vehicles are they on (MACC, MATOC, IDIQ)?
4. What major contracts are expiring in the next 18 months?
5. What are their potential weaknesses based on:
   - CPARS ratings (if available)
   - Bid protests filed against them
   - Contract terminations or modifications
6. Who are their key personnel and where did they come from?
7. What teaming relationships do they have?

Use USASpending.gov, SAM.gov, and public records.
```

Prompt 4: Prepare for Industry Day

```
I'm attending an industry day for [Contract Name] with [Agency].

The requirement is for: [Brief description]
The estimated value is: [$X]
The incumbent is: [Company name, if known]
My company's relevant experience: [Brief summary]

Help me prepare:

1. Three intelligent questions to ask the Contracting Officer
```

```
that show
   I understand the requirement (not questions answered in the
notice)

2. Talking points for approaching the incumbent about teaming
   (assuming they'll re-bid and need small business subs)

3. Talking points for approaching potential large business
teammates
   (I'm the small business they might need)

4. Key intelligence to gather while I'm there:
   - What to observe
   - Who to talk to
   - What questions to ask other attendees

5. Follow-up actions for after the industry day
```

9 A/E/C GovCon Glossary

SAT	Simplified Acquisition Threshold - Currently $350,000. Contracts below this can use streamlined procedures.
MACC	Multiple Award Construction Contract - IDIQ vehicle where multiple contractors compete for task orders.
MATOC	Multiple Award Task Order Contract - Similar to MACC, commonly used by USACE.
IDIQ	Indefinite Delivery/Indefinite Quantity - Contract type where specific quantities are ordered over time.
D-B / DB	Design-Build - Project delivery method where one entity provides both design and construction.
D-B-B	Design-Bid-Build - Traditional delivery: separate design, then competitive construction bid.
MILCON	Military Construction - Congressionally-authorized construction projects for DoD.
Sources Sought	Market research notice asking industry for capability information before issuing an RFP.
SBLO	Small Business Liaison Officer - Agency contact to help small businesses understand opportunities.
OSBP	Office of Small Business Programs - Agency office responsible for small business goals.

CPARS	Contractor Performance Assessment Reporting System - Government's official past performance database.
FAR	Federal Acquisition Regulation - Primary rules governing federal procurement.
DFARS	Defense Federal Acquisition Regulation Supplement - Additional rules for DoD contracts.
8(a)	SBA program for socially/economically disadvantaged small businesses. Allows sole-source awards up to $4M.
SDVOSB	Service-Disabled Veteran-Owned Small Business - Certification for veteran-owned companies.
HUBZone	Historically Underutilized Business Zone - Certification based on location and employee residence.
